### Background:

GMP Extend is committed to the safety and well-being of all children. Every individual or organization that works with children under any GMP Extend project has an obligation to protect children from exploitation and abuse. Our collective responsibility is to implement this policy, and to use a risk management and common sense approach to create and maintain protective environments for children involved in our projects.

### Policy:

#### *General*

1. A current Working With Children clearance is required for all Australian staff, and volunteers whose activities involve contact with children<sup>1</sup>.
2. Screening of job applicants will include verbal referee checks and behaviour-based interview questions related to child protection issues.
3. All Australian staff and Board members, as well as suppliers and volunteers whose activities involve contact with children will sign to acknowledge that they have read, understood and agreed to the *Child Protection Policy* and the *Child Protection Code of Conduct*.
4. GMP Extend staff and volunteers responsible for media, child sponsorship and communications will receive training in keeping with the *Child Protection Policy* and the *Child Protection Code of Conduct*.
5. GMP Extend staff and volunteers will receive child protection training in keeping with the *Child Protection Policy* and the *Child Protection Code of Conduct* prior to visits to child-related projects overseas.
6. Any breach of the Code of Conduct will be cause for disciplinary action up to and including dismissal. Where the breach also breaks a law the police/government child protection unit will be informed.
7. GMP Extend material will always portray children in a respectful, dignified manner and with the informed consent of the child and/or parent or guardian. (The informed consent of a child of mature understanding is accepted as sufficient and paramount. A child of mature understanding may veto a parent or guardian's consent.) All materials will represent the context and facts honestly.

---

<sup>1</sup> Note: 'Working with Children Check' is used here in a generic sense. The relevant State clearance applies and need to be obtained and be current. See Definitions.

8. GMP Extend will not involve children in any activity inappropriate to their age nor support any project that does.
9. GMP Extend will take seriously all reports of child abuse, child exploitation and policy non-compliance and act on them promptly, confidentially and with support to alleged victim, accused and complainant. All complaints and reports of incidents go to the Company Secretary.
10. Where a potential risk to children is identified it will be reported to the Company Secretary.
11. In the event of a complaint being received the process described in *Complaints Handling Process* will be followed.

#### *Partner Visits*

1. All team members will have current Working with Children clearance. These will be reviewed before the team is recommended to an overseas partner.
2. The team leader after being trained by GMP Extend, or a GMP Extend staff member will conduct a Child Safe Screening interview with volunteers travelling to projects where there may be children present. This screening will be valid for the same period as their Working with Children clearance.
3. Team leaders will ensure that there is a training session covering child protection issues, which all team members attend prior to travelling.

#### *Partners*

1. All implementing partners will be required to show that child protection procedures appropriate to their circumstance and compliant with local legislation are operative before a project will be approved.
2. Partners are required to inform GMP Extend promptly of any allegations or incidents of child abuse, or child exploitation, or breaches of their Code of Conduct.
3. Partners are required to develop appropriate child protection policies and codes of practice that comply with local legislation and safeguard the children in their care.
4. GMP Extend staff will assist partners to conduct assessments of child protection risks and implement relevant child protection strategies as required.
5. Partners working with children will be assisted to survey local resources and bodies in relation to Child Protection.

#### *Projects*

1. All project designs will include a consideration of how to safeguard any children involved.
2. All project designs will include an assessment of risk using DFAT's Establishing Child Protection Risk Context guidance notes.
3. Any projects assessed as high risk to children will include a risk assessment and management plan relating to child protection.
4. Any projects assessed as moderate risk will be monitored for changes in risk profile.
