

GLOBAL MISSION PARTNERS (GMP) COVID UPDATE¹ 66 OCT 13 2021

These updates incorporate all nations where GMP programs (COCOA, ICP and IMA) operate. GMP programs operate independently of one another, and adhere to their own processes and practices in line with the relevant oversight bodies.

Green = Significant downward trend indicating cases are under control or very few/no cases per capita.

Yellow = Cases growing or stable (but high) or cases potentially getting out of control.

Red = Situation out of control and/or official figures cannot be trusted.

An * indicates that that nation has risen in the total deaths column since the last report.

Global cases sit at 239.4m and lives lost at 4.88m.

Partner	Cases Total/Day	Lives Lost Total/Day	Ranking ²	Vacc. Rate ³	Commentary
India	34,000,500/16,021	451,220/229	3	19.7%/50.2%	Active cases fell to 213,000. Today was another low in daily cases in over six months. Festival season still concerning authorities. Positive signs, however, continue.
Indonesia	4,229,813/1,261	142,673/47	7	21.3%/37.1 %	Active cases dropped by 25% to 21,000. The vaccination rates are achieving major milestones. Universities opening this semester.
The Philippines	2,683,372/8,615	39,896/236	21	11.8%/14.4% ⁴	Active cases fell below 100,000 for the first time in months, and now sit at 82,000, the lowest in two months. Positive signs with the reopening of Manila kicking in.
Bangladesh	1,563,501/543	27,713/14	28	11.2%/22.4%	Active cases fell to 10,600. Vaccination drive will target children aged 12–17 years. The only concern is the active cases plateauing this week, and that vaccinations are lagging below where they need to be.
Vietnam	846,230/2,949	20,763/93	34	16.2%/40.1%	Active cases dropping to 39,000. Vaccine rates improving significantly as well.

¹ Obviously, these numbers change rapidly. This is current as of 4.30pm on 13/10/21, according to <https://www.worldometers.info/coronavirus/>

² This number indicates – in terms of fatalities – where a nation is ranked of the 223 nations/territories/international conveyances that recorded cases of COVID-19.

³ The 1st figure refers to fully vaccinated people; and the 2nd to those who have received one dose. <https://graphics.reuters.com/world-coronavirus-tracker-and-maps/vaccination-rollout-and-access/>

⁴ The Philippines vaccination figures are not being shared.
